NAVIGATION Lights

## Fast Action Navigation Lights

Rugged as the Great Outdoors.

 **attwood**<sup>®</sup>

**INTRODUCING LIGHTARMOR FAST ACTION NAVIGATION LIGHTS**, a new line of Bi-Color and All-Round lights that set the standard for performance. Our unique composite pole has unsurpassed flexibility, impact resistance and durability. It'll bend, but won't break -- so anglers and hunters can maneuver through low-hanging obstacles with confidence. They'll also appreciate the pole's subtle, glare-free black matte finish that complements many of today's boat designs.

LightArmor Fast Action Navigation Lights feature our premium LED light engine technology that meets today's global regulatory requirements, including ISO 19009:2015. Plus they're built with top-quality materials for lasting durability, appearance, and performance.

**LIGHTARMOR™**  
NAVIGATION Lights

**READY FOR THE GLOBAL MARKET**

- ISO 19009:2015
- ABYC A-16
- 1972 COLREGS
- RCD 2013/53/EU
- USCG 33 CFR

*Composite pole bends and returns to its original position*

**LightArmor Fast Action NAVIGATION Lights**

- LightArmor LED light engine technology
- Impact-resistant polycarbonate lens
- Water resistant: I.P. 67 Certified
- Corrosion/UV resistant
- All-Round Lights feature an articulating head that adjusts 15° fore to 15° aft
- Bi-color Lights feature tell-tale indicator lights to show when lights are on
- LED light engines last for 50,000 hours
